Hi Marion and Debra,

I wanted to write on behalf of the BEAD team regarding the aldicarb PCTn memo. (Sorry to be a pest!) Have you heard anything from OPP or OCSPP IO? Are there other updates that BEAD should be aware of?

Thanks in advance for answering our questions. We hope that you are having a nice day!

Rebecca

Rebecca,

Thank you for the inquiry! As I've mentioned to the folks in my branch, I've been in contact with the RD/IO on a weekly basis to remind them that the team is still prepared for a potential briefing with the AA, or otherwise, to help inform the aldicarb decision(s). That said, I believe that the transition at the RD Director's level has caused some delay, but I'm confident we'll get back on track.

As such, I'll be talking with Shanta and Debra next week about some thoughts that came out of my general with the RD/IO that occurred yesterday, and we'll see if any additional questions, suggestions, or status updates will be necessary for the entire aldicarb team at that point. So, stay tuned, and let us know if you have additional questions, in the interim.

Best regards,

Marion J.

**Subject:** next steps or updates about aldicarb

Hi Debra and Marion:

The BEAD aldicarb team was wondering if there has been any update or status change regarding the aldicarb PCTn/PRIA action.

Thank you in advance for any discussion.

Respectfully,  
Rebecca
